EDUCACIÓN

ETSISI-UPM

Software Engineering

(January 10, 2020 - January 07, 2024)

8.4

8 Honors

PROYECTOS

Tengo una lista de proyectos personales en mi github y sitio web.

PREMIOS

Data4Health Datathon Madrid 2023

Dedalus

(May 01, 2023)

Construction of a Machine Learning model in order to predict patients' length of stay at the ICU. 2nd prize.

Excelence Scholarship, Community of Madrid

Community of Madrid

(April 01, 2023)

LENGUAJES

English

B2

Japanese

JLPT N1

SKILLS

Python

●●●●○

Experience in application development and ML models.

Java

●●●●○

Backend development in Spring.

SQL

●●●●○

Experience making queries and managing databases.

Rust

●●●○○

Development of hardware system emulators.

Javascript

●●●●○

Frondend and backend development on NodeJS.

Machine Learning

●●●●○

Development of multiple data models.

SOFT SKILLS

Teamwork

Problem solving

Adaptability

Communication

INTERESES

Coding Challenges

I frequently participate in coding challenges online and hackatons.

All kind of media

Be it movies, series, anime, music. I follow movie festivals and have a liking for independent and innovative cinema.or.

Voluntary Work

In my free time I like to participate in discussions about climate change and other types of social issues and current problems. I also like to participate in projects which are worth it.
